#YourDreamMatters: From Dreaming to Thriving

Week 1 Teaching Notes

Theme: The Dream Giver

Key Scriptures:

- Genesis 3:22-24
- Proverbs 13:12
- Revelation 2:7
- Amos 3:7
- 1 Corinthians 2:9-10

Key Points:

- Pursue the Dream Giver more than you pursue the dream
- Everything that God does is motivated by love for people so the dreams He gives us are motivated by His desire to see people's lives changed by the fulfillment of your dream
 - If your dream is not motivated by love for people either it didn't come from God or you need to refocus your motivation)
- He communicates His plans to transform lives through the dreams He gives to willing servants
- Before God does anything in the world He tells His prophets (Amos 3:7), i.e. those who are willing to listen to Him and speak what He says and obey His instructions (His instructions will be confirmed by Scripture)
- When you don't pursue/fulfill your dream your heart will be sick, resulting in different types of potential consequences: physically, mentally/emotionally, relationally, spiritually, financially, etc.
 - God's intention is not to have people living with unfulfilled dreams
